*\$10 a month will raise the right amount...*

After 10 years of collecting donations and raising funds through laborious projects, we have amassed approximately \$200,000! The economy especially the realty market has slid such that properties have devalued and become very affordable! We have to take advantage of the situation before the market improves. We decided to accelerate the capital funds with your help by running this campaign, namely:

### **1K DREAM RACE TO REALITY II**

**The first 250 donors...** Be one of the first 250 donors to make the DREAM come true! We can NOW realize the long-time Filipino wish to have our own home-away-from-home when we all participate in this 1K II campaign. **This promotion will end as soon as 250 donors or so have signed up but no later than December 31, 2011.**

**Hurry! First come, first served...** Only when the pledge is redeemed can it be counted. Be part of History! Your name will be engraved in a plaque acknowledging the 250 donors on the facade of the building - a monument of your legacy to future generations!

**Donations to PCM are tax-deductible...** Sign up as an individual/family, organization, or business to raise a total of \$25,000 by making a pledge to donate \$100 - practically 30 cents a day for 10 months! We will collect the payments payable in installments unless paid in full by sending you a bill soon after you pledged. Please check for matching-donation program where you work. If applicable, your company will be considered as a Business donor. Salamat.

### Homeward Bound

The PCM board is currently considering 2 buildings to purchase pending the results of repair assessments & city zoning requirements. The board continues to search for suitable properties and conduct thorough evaluations. Having accumulated a mounting potential of \$260,000 through the concerted efforts and support of the community, we are now poised to buy a building! Continuous support in the form of donations from you will definitely help cement this deal. Thank you!

In anticipation, the PCM Day slated for August 13 will be a mock set-up and run-through of an actual Philippine Center in operation. Fil-Am organizations will set up shops featuring various programs and projects such as Tagalog or English classes, folk dance lessons, immigration & citizenship seminars, arts & crafts, outreach programs, and others. Entrepreneurs and businesses will have an opportunity to market their products & services. The business model that will be demonstrated during the PCM day is geared towards the execution of an operational plan that includes leasing out space in order to ensure income generation to sustain the monthly expenses of the building. Your attendance would therefore not only continue to foster the camaraderie but more importantly would give you a glimpse of the PCM experience. Let us continue to patronize our culture and support our community in Minnesota!
